IAS - 140/70  
11 August 1970

MEMORANDUM FOR: R. J. Smith

25X1 I should explain the timing of the proposed Stoertz [ ] trip and 25X1  
the reasons for going together. We had both come independently to the  
conclusion that a survey of the [ ] U.S. facilities in Europe would 25X1  
be useful to us, as indicated in the IAS and NPIC six-month travel  
projections submitted at the beginning of the fiscal year. Both of us  
chose this autumn because we saw no other convenient time for about a  
year, considering the initial [ ] workload in the winter and our plans  
to attend (separately) the Federal Executive Institute next spring. [ ] 25X1  
selected the 26 September-10 October schedule so he'd be back in good time  
to prepare for budget hearings. I had thought to go later in October, but  
shifted my proposed schedule to fit John's. The reasons for deciding to  
combine forces were: to save [ ] from having to lay on VIP hospitality 25X1  
twice in a short time, to benefit from each other's questions and insights,  
and to have the pleasure of the company.

*Signed*

H. Stoertz, Jr.
